

THE SOMEONE GAME

There are 20 tic tac toe boards included. Cut them apart and distribute one to each student. Make as many copies as you need. The goal is for each student to get a tic tac toe by sitting next to other students during lunch who meet the descriptions in the squares. They may mark one X (or O) for a single student who meets the description. For example, if one student is wearing glasses and reading a book, they may only mark one X on the grid.

who has a dog.	who brought their lunch.	who is wearing glasses.
who walks to school.	who likes math.	wearing a blue shirt.
who walks to school.	reading a book.	who speaks a language different from yours.

Sit with someone...
