

THE BONEYARD PRESENTS

Dr. Greg Skomal

“Seeing Deeper into the World of Great White Sharks”

Tuesday, August 8th, 2017

**The Old Whaling Church
Main Street, Edgartown**

7:00 - 8:30 p.m.

Dr. Skomal is a marine biologist from the Massachusetts Division of Marine Fisheries leading the long term research program studying the ecology and natural

history of this species in our waters. With over 100 white sharks now tagged with sophisticated technology, Greg Skomal and his team are piecing together an incredible story of how this shark lives in the North Atlantic.

Suggested donation of \$20 per person to benefit North Atlantic White Shark Conservancy
