GLOMEX SIGNS MARTIN FLORY GROUP FOR PR

To support its expansion into the North American recreational and commercial marine, and RV markets, Glomex has hired Martin Flory Group. The PR firm will promote the company's extensive antenna line and communicate its corporate news.

Glomex manufactures a wide range of marine and RV antennas, including VHF, AIS, FM, Wi-Fi and TV. The company won a DAME Award for its innovative weBBoat 4G Plus Internet antenna and is unique within the industry by backing its products with limited lifetime warranties. Its website is www.glomex.us.

"For 30 years, pleasure boaters and professional mariners worldwide have relied on Glomex antennas," said Martin Flory Group general manager Kelly Flory. "We're pleased to be working with them and looking forward to helping them grow their business."

Since 1962, Martin Flory Group has represented a diverse global client base. It's well-versed in the RV, marine and general outdoor industries. The PR firm works with editors and writers worldwide to gain coverage to sell products and grow businesses.
