**Hatteras Yachts Announces New Partnership
With Carolina Custom Towers**

Hatteras Yachts is proud to announce our new supplier partnership leveraging our Carolina heritage and local expertise. Carolina Custom Towers (CCT) will now be the preferred tower fabricator for all new Hatteras Yachts.

“Towers are an integral part of our Sport Fishing line of Yachts, which help to define the style and utility of our products. This new supplier partnership will provide our customers more of the distinct Carolina quality and design heritage that Hatteras already offers with more customization flexibility. Carolina Custom Towers is a short drive from us here in New Bern, which will provide our operation shorter lead times and streamlined communication with the fabricators and engineers at CCT ,” said Wade Watson, chief operating officer of Hatteras Yachts.

Carolina Custom Towers together with its parent Shearline Boats bring over 25 years of Custom Boat and Tower experience. Chip King, president of CCT, commented “We are thrilled to have the opportunity to partner with Hatteras Yachts and excited about what the future holds for both companies. It’s an honor to be chosen to work with a company with such a rich history as leaders in our industry. With their deep roots in North Carolina and our shared passion for quality, the sky is the limit for this partnership.”

About**Hatteras****Yachts:**

For over 58 years, Hatteras Yachts, has been recognized as a world leader in the construction of express boats, sportfishing convertibles and luxury motor yachts. Based in New Bern, N.C., Hatteras has defined the industry and pioneered the production of large offshore fiberglass powerboats, starting with the introduction of its first model, *Knit Wits*, in 1959. Hatteras builds luxury motor yachts from 60 to 105 feet, sportfishing convertibles from 54 to 77 feet, and the 45 GT45X series. For more information, visit www.hatterasyachts.com.
