OneWater Marine Recognizes 34 After Record-Shattering Month

ATLANTA, GA - Atlanta-based OneWater Marine Holdings recognized 34 sales consultants for each delivering 10 or more boats in the month of May. These efforts led to a record-setting month in Total Unit Sales for the company. Collectively, OneWater's family of dealerships delivered a total of 1,190 boats in May, eclipsing the company's prior record of 926 units in March; a 264 unit increase.

"We're thrilled with the contribution from all of our team members in realizing this incredible achievement. But to have 34 individuals sell 10 or more units each across all of our 14 dealership brands, that's simply amazing and worthy of special recognition," said Anthony Aisquith, OneWater Marine's Chief Operating Officer. "As we enter the busiest season of our year, it's great to see all of our departments working so well together. I couldn't be prouder of our team."

In total, the 34 top-performing sales team members accounted for 40% of the Company's total units sold.

No other financial details were disclosed in the announcement.
