

FOR IMMEDIATE RELEASE

August 2, 2018

Precision Boat Works Is Moving

Since 1978, brothers Bill & Richard Porter founded, owned & operated Precision Boat Works, Inc.

During this time period, they have built nearly 5,000 Precision sailboats consisting of 15 different models from 13 ft. to 28 ft.

After 40 very productive and enjoyable years, the brothers have decided to slow down a bit and retire from the new boat building process.

However, Bill Porter will continue to offer Precision replacement parts for all Precision sailboat owners and has moved to a new location.
