Windows/Doors: Bomar - Hamilton Marine
Fiberglass products: Composites one
Marine hardware/building supplies/equipment: Hamilton Marine, Kellogg
Exhaust Blankets: InFab
Fasteners: KL Jack
Trucking/Hauling: Ron Murphy
Upholstery: Gemini, Rockland, ME
Lettering: Tidal Graphics
Speed: 19kts Cruise 15kts

Owner's Comments: We are over the top happy with the quality craftsmanship of this boat. Especially the design and woodwork. We are newly retired and can not wait to go cruising and diving this summer. The interior and design is set up very similar to our old sailboat that we used to go cruising on including the solar panels on the roof top, which prohibits us from needing a generator. Very Happy!!!
