

**BUSAN, Korea (Sept. 25, 2018)** - Marine Jet Power (MJP) is pleased to announce that Jun Eom has joined the growing worldwide service and support team, responsible for aftermarket customer care in Korea.

“Jun’s extensive commercial marine experience is critical as we strive to provide the best customer experience for operators in Asia,” said MJP Korea Co. Ltd. Managing Director Silver Park. “He will be responsible for key account management and after sales coordination, ensuring customers and operators receive first-rate service and support in the field.”

Jun has more than 15 years of experience in the commercial marine sector. He has worked for Hyundai Merchant Marine, Wärtsilä as a marine service and sales engineer, Alfa Laval as a marine sales manager and NOV as a country manager.

“It’s a great pleasure to join the MJP team,” said Jun Eom. “I look forward to the continued development of MJP’s business in Korea and Asia as a whole.”

Jun holds a Bachelor’s Degree in Marine Engineering from Korea Maritime University. He, his wife and two children live in Yangsan, Korea.
