REGULATOR MARINE PROMOTES HUMAN RESOURCE DIRECTOR TO EXECUTIVE VICE PRESIDENT OF STRATEGIC PLANNING AND DEVELOPMENT

October 22, 2018 (EDENTON, NC) – Regulator Marine, manufacturers of the finest in offshore sportfishing boats since 1988, is thrilled to announce the promotion of Rex Anderson to the position of Executive Vice President of Strategic Planning and Development. Previously occupying the role of Human Resource Director, Anderson has been an invaluable member of the Regulator team since 2006.

“I am grateful for the ways Rex has helped develop leaders and will continue to identify, train, and promote them within our team,” said Regulator Marine President and Co-founder Joan Maxwell. “We truly value his vast knowledge and wisdom.”

Having come out of retirement from the automotive industry to join the Regulator team, Anderson not only played an important role in navigating Regulator through the recession, but also helped increase a staff of less than 150 people to one of over 220. From factory floor employees to Vice President of Finance and Director of Engineering, Anderson has successfully identified and recruited members who contribute to building an even stronger team.

“Regulator is a wonderful place to work,” said Anderson. “Our leaders do their work with integrity and always treat people the way they should be treated. It’s an honor to be part of this team.”

Through his dedication, willingness to serve, and his emphasis on integrity, Anderson exemplifies the values that Regulator strives to implement every day.

ABOUT REGULATOR MARINE: Born and built to last in Edenton, North Carolina, Regulator boats are tested against the challenging conditions of the Outer Banks and delivered to locations throughout the U.S. and abroad. As manufacturers of premiere fishing boats ranging from the Regulator 23 to the Regulator 41, as well as custom patrol boats and stand outs like the “Indestructible Queen Bee” – a 26-foot boat that survived a 3-year, 3,500-mile unmanned trans-Atlantic journey – Regulator delivers American-made craftsmanship like no other. Regulators are designed and engineered for the most discriminating anglers in the world with a “no-compromise” philosophy for a Legendary Ride. regulatormarine.com @regulatormarine #offshorelife
