Press release for immediate release 10/31/18

The Massachusetts Marine Trades Educational Trust (MMTET) is very pleased to announce the recipients of their Technical Training Awards. This scholarship program is a new program offered in 2018 through the MMTET. The program was established in collaboration with a \$1,500 scholarship award received from the Marine Retailers Association of the Americas (MRAA) Educational Trust for this specific technical training offering.

As part of the requirement for the MRAA Educational Trust award the MMTET needed to match the \$1,500 and award the scholarship funds to Massachusetts Marine Trades Association members. The MMTET matched the scholarship funding and were also able to add another \$2,000 so that we could offer 5 winners \$1,000 each.

The award winners were as follows:

**Diesel Smith LLC – Dennis Port, MA**  
**Goose Hummock Shops – Orleans, MA**  
**Manchester Marine Corporation – Manchester, MA**  
**Parker's Boat Yard – Cataumet, MA**  
**SK Marine Electronics Inc. – New Bedford, MA**

During the check distribution a few pictures were obtained which are included below. Thank you to everyone that applied for these scholarships and congratulations once again to the winners. The MMTET hopes to offer a similar scholarship program again in 2019.

Industry growth through **C**ollaboration, **C**ommunication and **E**ducation

**Massachusetts Marine Trades Educational Trust – 316 Lincoln Street – Hingham, MA 02043**
