

Get Your Message to the Woodworking Industry Every Month with Woodshop News' Website

Explore **Woodshop News'** Website, which now includes expanded content, in-depth blogs, videos, archived articles and newsletters. Take advantage of the following marketing opportunities now available on **Woodshop News'** Website.

Advertising is sold on an "Impression" base system, working with the level of impressions delivered in a one month period.

Impressions are generated off a series of different ad units running in several different positions during the period. Each ad unit can have its own unique url which means you aren't locked into a single ad or single message—you can promote several different products during the month.

RATES:

ROP Website Standard ads

30,000 IMPRESSIONS in the month	\$ 650 net
15,000 IMPRESSIONS in the month	\$ 400 net
