Marriott Resort Hutchinson Island, Fl January 22-24, 2018

3-days/2-nights

[CLICK HERE](#) to view the hotel and make
your reservations today!

Why attend?

Marine Tech Tour was established to give Marine Industry Suppliers a platform to engage directly with you, our marine dealers, retailers, riggers, electronic installers, and applicators. Its mission is to produce events that offer technical training and allow suppliers to introduce new products, systems and industry best practices. This is accomplished through interactive seminars, product focused exhibitor booths, on-water demonstrations and social hours designed to give suppliers and you (marine dealers of all types) time to interact and better understand each other's challenges and business.

Who should attend?

Store Managers, Parts Managers, Buyers, Owners, Service Techs and Boatyard Applicators. All marine related businesses who want to increase their product knowledge, learn about new products & services and ultimately make their businesses more profitable.

Qualifying attendees will be treated to a FREE 3 day/2 night resort venue, including room and meals, while attending technical seminars, including several on-water training opportunities and an Expo designed for one-on-one conversations with factory technical personnel & networking.
