

FOR IMMEDIATE RELEASE

VETUS-Maxwell Will Host Free Webinar on Thruster Technology

HANOVER, Md.—November 9, 2017—VETUS-Maxwell, Inc. is excited to announce that it will be hosting a free webinar on thruster technology to assist boat manufacturers and service providers as they communicate the benefits of thruster technology to their customers. The free webinar will be held on Tuesday, December 5, 2017 from 2 p.m. to 3 p.m. EST. To register, please visit <https://goo.gl/Z2RYgN>

The webinar will also be available on demand to registered attendees after the live event.

Chris DeBoy, VP of Sales and Marketing, will lead the webinar. “VETUS-Maxwell is always looking for ways to grow the knowledge base of our industry and ultimately better serve our customers,” said DeBoy. “This webinar is one way to reach our OEMs and the greater marine trade. Whether or not you use VETUS thrusters, our focus is on how the technology can make a difference for your customers.”

Included in the webinar will be information on the technology behind extended runtime thrusters, joystick applications, retractable thrusters, and new solutions like virtually silent thrusters with proportional control. There will also be time for Q&A with DeBoy on these systems.

VETUS-Maxwell’s Hanover, Md., office is responsible for sales and product support for the North, Central, and South American region of the world. This established crew is eager to answer technical questions and support our customer base. The hours of operation are 8:30AM – 5:00PM EST, and the phone number is 410-712-0740.

About VETUS-Maxwell

VETUS-Maxwell, Inc. is a wholly owned subsidiary of VETUS B.V in the Netherlands, a Yanmar company. Developing innovative systems for your boat is truly what VETUS is about. VETUS invents and develops systems consisting of a wide range of products to keep your boat in an excellent technical condition. For more than 50 years VETUS has been one of the world’s leading companies when it comes to innovative products for pleasure craft and small commercial vessels. Not for nothing is our catalogue regularly consulted by the engineers and designers from leading yacht builders and used as educational material in marine training establishments. www.vetus.com
