

SPX FLOW appoints Senior Sales Manager for Americas

SPX FLOW announces appointment of Senior Sales Manager to grow its Johnson Pump Marine business

Rockford, Illinois, 27 November 2017 – SPX FLOW, a global multi-industry manufacturing leader, has announced the appointment of Wes Paul as Senior Sales Manager of its North and South American marine business, Johnson Pump Marine.

A marine pumps expert with nearly fifteen years' experience, Wes joins SPX FLOW from Generac Power Systems, where he worked as Director of Sales since 2015. He has previously held senior sales positions within global manufacturing organisations including Honda and Mercury Marine.

As Senior Sales Manager, Wes will be responsible for growing North and South American sales of SPX FLOW's Johnson Pump Marine range throughout the various marine industries including the leisure and water sports sectors.

Michael Strålman, Global Director Marine, SPX FLOW said: *"I am delighted to welcome Wes to the SPX FLOW team. He has proved himself over fifteen years as a trusted partner and sales expert in the marine manufacturing sector, positioning him perfectly to lead the growth of our marine business in the Americas and promote our products to OEM boatbuilders, engine manufacturers and after market dealer network. The Johnson Pump Marine brand is one of the world's leading manufacturers of pumps for marine use, and I'm looking forward to watching Wes take it to the next level."*

Wes Paul, Senior Sales Manager, SPX FLOW said: *"The Johnson Pump Marine brand is recognised around the world for its quality of craftsmanship, functionality and durability. It's a great pleasure to have joined the company at a time when the US market in particular presents scope for considerable growth. I look forward to communicating the enhanced benefits that SPX FLOW products bring to their customers and continuing to grow our presence across the North and South American marine marketplaces."*

END
