

## **SUNSEEKER ANNOUNCES GRANDE YACHTS INTERNATIONAL AS NEW US DEALER**

Sunseeker USA Sales Co. Inc. is delighted to announce the appointment of a new authorised dealer, Grande Yachts International, a subsidiary of OneWater Marine, the USA's fastest growing dealership group.

OneWater Marine will serve new and existing clients in various states and regions of America including Boston, Chesapeake Bay, Florida (excluding Miami and Monroe County), and a number of the Southern states. The announcement is part of Sunseeker's continuing focus on strengthening and developing its international dealer network.

Sean Robertson, President of Sunseeker USA Sales Co. Inc, comments: "I am delighted to welcome OneWater Marine to the Sunseeker family along with its subsidiary retail brands including Grande Yachts International. We continue to invest in our distributor network throughout the region to ensure the delivery of our world-class sales and customer service. This announcement is coupled with a major new product development plan for Sunseeker which will see the range double in size to 22 models over the next three years.

"These exciting new models will spread across the entire Sunseeker range, with significant investment in the superyacht division and so having a robust and experienced partner across this key market has never been more important. New and exciting products breed growth and the response we have received for our latest models has been incredible. I look forward to working with Anthony and his team in the future."

Anthony Aisquith, Chief Operating Officer, OneWater Marine, comments: "As we focus more attention on growing our large yacht business, we're excited to be representing the Sunseeker brand across multiple US states, many for the first time. Our best-in-class dealerships are committed to exemplary customer service which, combined with the incredible Sunseeker range, will provide immense interest from our discerning clientele. We believe that our expanding East Coast footprint from Fort Lauderdale North to Boston, Massachusetts, coupled with our 10 Gulf Coast locations, provides Sunseeker with a powerful network of best-in-class dealerships, committed to extending their presence within the United States."
