**Guy Harvey Ocean Foundation to Honor  
NSU's Dr. George L. Hanbury II During Banquet  
*GHOF to celebrate the 20th anniversary of the Guy Harvey Research Institute***

**FT. LAUDERDALE, Fla.** – The Guy Harvey Ocean Foundation (GHOF) will honor Nova Southeastern University's (NSU) President and CEO Dr. George L. Hanbury II and celebrate the 20th anniversary of the NSU Guy Harvey Research Institute (GHRI) during its annual ocean conservation fundraising dinner on Saturday, November 2 from 6 to 10 p.m. at the Fort Lauderdale Marriott Harbor Beach Resort & Spa in Fort Lauderdale.

"This year is particularly special, as we honor both Dr. Hanbury and the incredible scientists and groundbreaking research at GHRI," said world-renowned artist, scientist, conservationist and entrepreneur Dr. Guy Harvey. "We are on a transformational journey together to protect our ocean ecosystem and conserve our marine environment."

Tickets to the 11th Annual Guy Harvey Ocean Foundation (GHOF) Banquet are \$300 per person and \$2,500 for a table of 10. Guests will enjoy dinner, open bar, live musical entertainment, a video retrospective of the exciting ocean expeditions and research findings from 2019 and a live and silent auction with original Guy Harvey artwork, exciting trips and unique gifts.

The annual banquet benefits the GHOF which conducts scientific research and hosts educational programs aimed at conserving the marine environment. The GHOF also funds affiliated researchers working to better understand our ocean ecosystem and educators helping to foster the next era of marine conservationists.

**About Guy Harvey**

Guy Harvey is a unique blend of artist, scientist, diver, angler, conservationist and explorer, fiercely devoted to his family and his love of the sea. His childhood passion for the ocean and its living creatures not only inspired him to draw, but fueled a burning interest that prompted a formal education in marine science. Having graduated with honors in Marine Biology from Aberdeen University in Scotland in 1977, Guy returned home to Jamaica to resume his education, earning his Ph.D. from the University of the West Indies in 1984. Though he gave up a budding career as a marine biologist for that of a highly acclaimed artist, Guy has continued his relentless pursuit to unravel the mysteries of the sea, traveling the world to better understand the habits and habitats of the marine wildlife he paints.
