Lumishore wins the prestigious 2019 Queen's Award for Enterprise

Lumishore recognised for Innovation in the Superyacht Industry

April 23rd, 2019 - Swansea, UK - Lumishore, the world's leading manufacturer of marine LED lighting systems wins 2019 Queen's Awards for Enterprise: for Innovation.

The Queen's Awards, the UK's highest business accolade, recognise Lumishore's innovation as well as the company's commercial success. This stunning achievement results from Lumishore's unrivalled technical expertise, combined with their continued investment in Research and Development, which together create the world's most innovative, high-performing lighting systems for the leisure marine and superyacht boating sectors.

Lumishore has now won the British industry's most coveted Queen's Award, which endorses the highest levels of excellence for Britain's elite companies, 6 times in the last 6 years. The 2019 Award for Innovation recognises Lumishore's development of world leading lighting and specifically its patented systems for the superyacht industry. Lumishore's awards are testimony to the company's core beliefs and capabilities, its inherent and unrivalled LED and electronics expertise, investment in R&D, solid manufacturing platform and no-compromise approach to quality.

"We are extremely proud that the Queen's Award recognises Lumishore for its innovation," says Eifrion Evans, CEO. "We must thank all our customers who have recognised Lumishore's capabilities and are at the heart of our past and future successes". Evans continued, "The award endorses our industry leadership and is recognition for Lumishore's world-class design, development and manufacturing staff, who produce the best and most breath-taking lighting effects for prestigious yachts and boats of all sizes, worldwide. An on-going commitment to innovation and future product development is core to Lumishore's core beliefs, which when combined with our investment in people and our passion for

customer satisfaction will lead to our continued future growth and success.”

Lumishore is a privately-owned company headquartered in Swansea, UK. All Lumishore lighting systems are exclusively designed, developed and manufactured in-house at its ISO9001 certified facility. Lumishore has a US division, Lumishore USA, based in Sarasota, Florida.

About the Queen's Award for Enterprise: The Queen's Award for Enterprise is the most highly esteemed award in recognition of outstanding achievement and excellence by UK businesses in the categories of Innovation, International Trade and Sustainable Development. It is awarded by Her Majesty the Queen, based on the recommendation of the Prime Minister, and is only awarded for the highest levels of excellence demonstrated in each category. The Innovation category recognizes those businesses that have created value by fulfilling the needs and expectations for its customers through innovation.
