

Got a question about onboard power, solar energy or installation? Xantrex and Odd Life Crafting will host a LIVE Q&A on YouTube and Facebook

- WHAT:** A YouTube and Facebook LIVE Q&A session, open to all viewers interested in onboard power, solar energy or installation in the marine space
- WHEN:** 2 PM PST / 5 PM EST on Thursday, July 30, 2020
- WHERE:** YouTube and Facebook Live from Odd Life Crafting and Xantrex social accounts
YouTube: www.youtube.com/oddlifecrafting
Facebook: www.facebook.com/Xantrex
- WHO:** Duca and Roberta, Odd Life Crafting YouTubers
Don Wilson, Xantrex Tech Doctor
Wesley Shuen, Xantrex Solar Product Manager

YouTubers, Duca and Roberta, of [Odd Life Crafting](#) and [Xantrex](#) are hosting a YouTube and Facebook Live session on Thursday, July 30, 2020, at 2 PM PST / 5 PM EST. Duca and Roberta will be discussing the topic of onboard power in the marine space with Xantrex specialists, Don Wilson and Wesley Shuen. They will be taking live questions from viewers and answering questions posted on their channels. You are invited to ask questions prior to the livestream on Odd Life Crafting's YouTube teaser video (https://youtu.be/SIE_BhP_cel). As well, questions can be submitted using Xantrex's Facebook post found at (<https://www.facebook.com/Xantrex/posts/3144701605649142>) and Xantrex's Twitter account (<https://twitter.com/Xantrex>). Questions can also be asked during the Live session, but to ensure the highest chance of response, please ask your questions in advance to any of the mentioned channels. This live Q&A is a great chance to get your questions answered by industry veterans. Dealers, installers, and end-users alike will benefit. A recording of the Q&A will also be available online after the LIVE session.

About Xantrex

Xantrex is one of the most successful and popular brands of on-board AC power technology. Their products are used in a variety of applications in the marine, RV, military, construction, EMS, bus, work service vehicle and commercial truck markets. Xantrex ensures its products are put through extensive reliability testing and certifies them to comply with applicable regulatory standards that meet or exceed requirements for safety, quality, efficiency and environment. With over 40 years of experience in design, engineering and manufacturing, Xantrex power solutions offer a broad mix of advanced technology with unmatched reliability. For more information, please visit www.xantrex.com.

About Odd Life Crafting

Odd Life Crafting consists of famous YouTubers, Duca and Roberta, who are a Brazilian couple chasing their dream. With over 184K subscribers on YouTube and averaging more than 100K views per video, the Odd Life Crafting vloggers chronicle their search for a sustainable way to live. From building a tiny

house in a shipping container to refitting an abandoned 44-foot sailboat, Duca and Roberta share an insider's view of their life-long passions and dreams, and how they live their "odd" life. New videos are posted every Monday on their YouTube channel, [Odd Life Crafting](#).
