

FUSION® ENTERTAINMENT AND GARMIN® ELECTRONICS SELECTED BY AVALON PONTOON BOATS

*Avalon to exclusively offer Fusion Entertainment marine audio products
on its full line of 2021 models*

OLATHE, Kan./Aug. 4, 2020/Business Wire – Garmin International, Inc., a unit of Garmin Ltd. (NASDAQ: GRMN), the world’s leading marine electronics manufacturer¹, today announced that Avalon and Tahoe Manufacturing has selected Fusion Entertainment, a Garmin brand, to exclusively supply marine entertainment audio packages for its entire line of pontoons starting with model year 2021. Avalon announced to dealers on Sunday, July 26 that it will fully integrate Fusion Entertainment stereos, speakers, and amplifiers as a standard fit in each level of its high-performance, luxury pontoons, as well as select Garmin marine electronics on various models.

“We are proud to continue growing our OEM portfolio with premium pontoons through our innovative solutions and unmatched quality,” said Dan Bartel, Garmin vice president of global consumer sales. “Together with Avalon, we are confident that boat owners will enjoy the lasting benefit and sophisticated style of our marine electronics and entertainment systems aboard their pontoons, whether it’s on morning fishing trips or a relaxing sunset cruise.”

“Avalon & Tahoe looks forward to the full integration of Fusion marine entertainment products in our selection of 2021 product offering,” said Jim Wolf, Avalon and Tahoe Manufacturing president and CEO. “Our vertical integration strategy, coupled with our dedication to innovation and strong supplier partnerships, have all contributed to our unparalleled industry growth over past several years. You can’t offer the highest quality products unless you are continually evaluating the supply base and partnering with those who provide only the very best components. Garmin and Fusion impressed us with the ability to supply full range of electronics for each level of our leading boat designs, and we know that customers will be pleased to see the coming audio solutions as well.”

Avalon will factory-install a range of Fusion Entertainment marine audio packages for each model of its 2021 pontoon line, including 10” Signature Series subwoofers, award-winning Apollo™ Series stereo units, XS Series 6.5” Classic Marine Speakers and more. For the most seamless onboard integration, select Avalon models will also offer Garmin marine electronics packages, including the GPSMAP® 742xs and ECHOMAP™ UHD 73cv keyed-assist touchscreen chartplotters. Both GPSMAP® 742xs and ECHOMAP™ UHD 73cv chartplotters feature built-in CHIRP™ sonar technology and preloaded LakeVü g3 inland maps and are compatible with award-winning Garmin Panoptix LiveScope™ sonar technology for the ultimate boating and fishing experience.

Engineered on the inside for life on the outside, Garmin products have revolutionized life for anglers, sailors, mariners and boat enthusiasts everywhere. Committed to developing the most sophisticated marine electronics the industry has ever known, Garmin believes every day is an opportunity to innovate and a chance to beat yesterday. For the fifth consecutive year, Garmin was recently named the [Manufacturer of the Year](#) by the National Marine Electronics Association (NMEA). Other Garmin marine brands include Navionics®.
