Blue Water Marine Paint Expands Availability Through West Marine

CLEARWATER, Florida, October 14, 2020 /News Release/ -- Today Blue Water Marine Paint manufacturer of proficient antifouling paints, primers and topside coatings for value-conscious boat owners announced the availability of its products through the West Marine on-line store making its marine coatings broadly available to the American boating community. Blue Water's focus on providing high-caliber marine paints that do not cost a fortune to use coupled with expanded availability through West Marine gives boat owners immediate access to the everyday values Blue Water protective coatings provide.

"Blue Water boat paints available through West Marine gives American boaters immediate access to antifouling paint, primers and topside coatings that don't cost a fortune to use," said Erik Norrie, Blue Water CEO. "Ordering Blue Water paints on-line makes it easy for DIYers and boatyards alike to get high-value protective coatings delivered just-in-time," Norrie added.

Blue Water Marine Paint has manufactured proficient antifouling paints, primers and topside coatings since 1959. In 2019 the company was acquired by New Nautical Coatings, Inc., which moved manufacturing from New Jersey to its 8-acre corporate campus in Clearwater, Florida. Blue Water believes that every boat owner deserves value and that proficient marine coatings should be affordable to everyday boaters. Blue Water Marine Paint products stand up to barnacles, blistering UV sunrays, saltwater, corrosion, slime and wide temperature variations. Which makes them the perfect choice for sailors and powerboaters alike.

American owned and operated, Blue Water Marine Paint delivers the ultimate value of providing great performance yet being priced to please. The Blue Water Marine Paint brand is a subsidiary of New Nautical Coatings, Inc. which develops and manufactures unique products to provide professional applicators and end-users with the highest quality, specialty coating solutions for protecting and enhancing specific surfaces. Established in 1978, New Nautical Coatings is family owned and operated with a commitment to excellence.
