For Immediate Release

Ft. Lauderdale, FL – Vandalize Boats has made a bold statement, both by designing an innovative line of sport utility vessels and by appointing Nautical Ventures Group to spearhead sales and marketing. Newly designed from the keel up, this is not your father's center console. Vandalize has married the very best in construction techniques with the latest in hi-tech boating innovations to deliver a semi-custom, yet very versatile, family boat. Backed by a 10-year limited hull warranty, these make excellent tow-behind vessels. A 305 CC SUV will make its debut at FLIBS and is also available now for sea trials. A new 450 SUV will debut in 2021. For more information, contact: Roger Moore, 954-926-5250. www.nauticalventures.com
