COVID-19 Support Update

Maxxsonics USA has now donated more than 25,000 masks and gloves.

Libertyville, IL – With COVID-19 shifting life in many ways, Maxxsonics USA continues to assist the fight against this global crisis by supporting local hospitals and businesses. Maxxsonics has now donated more than 25,000 masks and gloves across the Midwest offering assistance and support to those in need towards the battle against COVID-19.

Alden Stiefel, President/CEO of Maxxsonics USA said, *“Maxxsonics USA is committed to helping medical staffs, hospitals, first responders, and various people any way we possibly can. We are excited to see other companies in the 12-volt industry join the efforts to help those in need.”*

Maxxsonics encourages everyone to join us in the movement for getting crucial medical supplies to those who are in need of them.
