

Hi Jeff,

As a result of the ongoing COVID-19 pandemic, NMMA has canceled **the Progressive® Insurance Tampa Boat Show on September 11–13, 2020**. While we remained hopeful that the Show could proceed as scheduled, we strongly believe that canceling this event is the most prudent course of action for all our stakeholders.

Please know that our team is working diligently to implement the proper health and safety procedures for future shows and aligning with federal, state and local officials to do so. More information on our winter shows will be available in the coming months.

In the meantime, we are currently planning to move forward with the Progressive Insurance Norwalk Boat Show, scheduled for September 24–27, 2020.

Thank you for your understanding and ongoing support. If you have questions about the Tampa Boat Show please don't hesitate to contact Senior Vice President of Boat and Sport Shows, Jennifer Thompson at [jthompson@nmma.org](mailto:jthompson@nmma.org).

Sincerely,

Frank Hugelmeyer, President  
National Marine Manufacturers Association
