

Ring Power / Cox Marine Partner with Six Renowned Boat Builders

St. Augustine, FL – July 28th, 2023 - Ring Power and [Cox Marine](#) are pleased to announce strategic partnerships with six renowned boat builders – [Front Runner Boatworks](#), [Freeman Boats](#), [Intrepid Boats](#), [Phenom Yachts](#), [Albemarle](#), and [Jupiter Boats](#). This collaboration marks an exciting step forward in the marine industry as these esteemed boat builders integrate the cutting-edge Cox Marine CXO300 diesel technology into their boats, providing customers with a new level of boating excellence.

The Cox Marine CXO300 diesel outboard boasts lower emissions, 30% less fuel consumption than gasoline outboards, and a remarkable 60% increase in torque, revolutionizing the boating experience. With its exceptional fuel efficiency and reduced emissions, the CXO300 reduces the carbon footprint and allows boaters to explore farther and stay out on the water longer.

“We are thrilled to collaborate with these prestigious boat brands. Integrating the Cox Marine CXO300 diesel technology into their vessels will set a new standard for performance and efficiency in the marine industry. Together, we aim to provide boaters with exceptional propulsion solutions that elevate the boating experience.”

- **Pat Bucci**, Vice President and General Manager of the Ring Power/Cox Marine division.
