MARINEMAX VACATIONS SPONSORS EDUCATIONAL TRAINING FOR MARINE TECHNICIANS IN THE CARIBBEAN

Road Town, Tortola VG (March 28, 2024) – MarineMax Vacations LTD, a premier provider of luxury power catamaran yacht charters in the BVI, is proud to announce its commitment to professional development and technical excellence by sponsoring courses for professional marine technicians across the Caribbean. This upcoming workshop will focus on basic marine diesel engine maintenance, service, and repair of Volvo Penta engines.

Phil Underwood, MarineMax Fleet Support Manager, comments, "We are honored to support the technical proficiency of marine technicians in the BVIs. Along with our partners at Nanny Cay, our commitment to providing exceptional service extends beyond our charter guests but to the wider maritime community in the BVIs as well. By offering these tech workshops, we aim to help support those looking to expand their knowledge and elevate their skills. This will contribute to safer and more enjoyable guest experiences across the entire charter industry."

The workshop begins April 12th and will occur at H. Lavity Stoutt Community College CCFC+HQ2, Paraquita Bay, Parham Town, British Virgin Islands. To register for this training, email marine@hlscc.edu.vg or visit the Centre for Applied Marine Studies to learn more.
