

Ring Power Awarded New Territory to Promote Cox Marine Diesel Outboards in North America

St. Augustine, FL - November 28, 2023

Ring Power and Cox Marine are pleased to announce the continued expansion of their North American, Caribbean, and Bermuda dealer network, with multiple new dealers joining in recent months.

Bermuda Islands, Connecticut, Delaware, District of Columbia, Florida, Georgia, Illinois, Indiana, Iowa, Maine, Maryland, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, the Caribbean, Vermont, Virginia, Wisconsin, and West Virginia

The newly appointed US dealers include:

- Jet Ski of Miami, Miami, FL
- Onsite Marine, Ruskin, FL
- Advance Marine, Orlando, FL

"These additions to the dealer network signify a strategic move to broaden the availability of Cox Marine Diesel Outboard engines, making them more accessible to boating enthusiasts across different regions," **said Pat Bucci, Vice President and General Manager of the Cox Marine division of Ring Power.**

"The Caribbean dealer appointment is a significant step in extending Cox Marine's reach beyond the United States, catering to the diverse needs of boating and yachting communities in the Caribbean region."

Cox Marine Diesel Outboard engines offer cutting-edge technology with up to 30% fuel savings, reduced emissions, and robust torque for commercial and recreational boating. The newly appointed dealers will be crucial in delivering these innovative solutions to customers. Ring Power is actively recruiting new dealers along the US Eastern Seaboard over to the Great Lakes region.

About Ring Power Corporation:

Ring Power Corporation is headquartered in St. Augustine, FL, and is the Cox Marine diesel outboard distributor for the sales territory of Florida, Georgia, North Carolina, South Carolina, the Caribbean, and Bermuda. Ring Power comprises eight divisions and has over 60 years of experience servicing and supporting Cat® products and allied equipment. Ring Power strives to deliver safely superior solutions to our customers, personal growth and rewarding careers to our employees, and world-class representation of our suppliers' products.

About Cox Marine Diesel Outboards:

Designed as an ideal solution for commercial and recreational use, the CXO300 diesel outboard is a new generation of diesel technology. With up to 30% fuel savings, producing 30% fewer CO2 emissions, and 503 lb. ft torque, the diesel outboard is an eco-friendly propulsion option built for maximum speed. It is the only diesel outboard designed and built for marine purposes. Supported by a network of 30 distributors covering over 100 territories, the CXO300 outboard engine is currently available to order across the globe.
