COMSTEDT CHARTS NEW WATERS

BLOG CATEGORIES

Lewmar's long standing Swedish distributor, Comstedt, is expanding their distribution territory to include Denmark, Greenland and the Faroe Islands from 1st February 2025.

Based in Gothenburg, Comstedt was founded in 1983 and operates in the marine and sport fishing industry offering world-leading products along with excellent technical

knowledge and a focus on high quality customer service. This expertise has set Comstedt apart as a recognised leading distributor in the territory.

Comstedt has been an established Lewmar distributor in Sweden since January 2014 with great success. The expansion of their territory into new countries will enable them to maximise their already good reach into Denmark with other well-known international marine brands with a dedicated Lewmar sales representative. It will also allow them to continue to develop existing strong relationships with retailers, OEMs and installer yards across Sweden, Denmark, Greenland and the Faroe islands.

Their continued support of the Lewmar brand is a huge benefit, providing excellent brand presence and technical expertise. Find out more about Comstedt here:

They will be attending both the Maritime Dage boat show in Fredericia, Denmark (21 – 23 February and 28 February – 2 March) and the Stockholm Boat Show (6 – 9 March and 13 – 16 March).
